### PRIVATE SECRETARY'S OFFICE.

NOTIFICATION.

ROYAL MILITARY COLLEGE, SANDHURST.

*No.* 1.—Intimation has been received from the Army Department of the Government of India that the usual entrance examination for the selection of Indian and Anglo-Indian candidates for admission to the Royal Military College, Sandhurst, for the term commencing at Sandhurst in September 1928, will be held in Simla from about the 30th April to the 11th May 1928. The following information is published for the use of intending candidates.

1. The Royal Military College is maintained for the purpose of affording a special military education to British candidates for commissions in the Cavalry, Infantry and Royal Army Service Corps of the British Service and to British and Indian candidates for commissions in the Indian Army. It is intended exclusively for those who desire to make the Army their permanent profession in life.

Anglo-Indian candidates are also permitted to compete at the entrance examinations under the same conditions as Indian candidates, but domiciled Europeans of pure European descent may compete at the Sandhurst entrance examination in England only.

Candidates who were unsuccessful at a previous entrance examination are disqualified from applying again and applications from such candidates will, under no circumstances, be considered.

2. Candidates must be between the ages of 18 and 20 on the 1st July 1928 and must state their age *definitely*. No exception to the prescribed age limit can, in any circumstances, be made. Age limits.

3. Candidates must be prepared to pass a qualifying examination, the detailed syllabus of which is printed as Appendix A to this notification. The general educational standard required is that prescribed for the diploma of the Chiefs' Colleges, a school-leaving certificate recognized by a Local Government, the Matriculation examination of an incorporated University or any higher examination. Qualifying examination and educational standard.

Oral examination.

4. Candidates will, in addition, undergo a special oral test which will be conducted by a Board of Officers summoned under the orders of His Excellency the Commander-in-Chief. This test is to enable the Board to form an opinion as to the candidate's general character from the point of view of his suitability as an army officer.

Medical examination.

5. Candidates will be examined by a Medical Board at Simla and will not be accepted unless they are pronounced physically fit for His Majesty's service. The general standard demanded is that laid down in Appendix B to this notification.

The Board has power—

(a) To pass the candidate as physically fit.

(b) To report the candidate as unfit, but—

(i) In a case in which the defect can be cured by operation or treatment, to recommend that, if successful in the competition, to be re-examined by a Medical Board after such operation or treatment.

(ii) In a case in which the candidate is slightly below one or other of the conditions as to height, chest, girth, etc., enumerated in Appendix B and in which the Board considers that he is likely to attain the required standard before the time comes for him to be appointed to a commission, to recommend that, if successful in the competition, he be allowed to join the Royal Military College subject to the condition that, unless at the end of the course he is found to reach the standard which his increased age and height demand, he will not receive his commission.

(c) To reject a candidate as physically unfit.

A candidate who has been passed by a Medical Board as physically fit in connexion with the previous Army Entrance Examination will *not* be exempt from being re-examined by a Medical Board.

Candidates are required to attach to their applications a *medical certificate from a competent medical officer* to the effect that they come up to the prescribed standard, *and also a vaccination certificate* that they have been successfully (or twice unsuccessfully) vaccinated within the last five years.

Parent or guardians' declaration.

6. Candidates are required to furnish a declaration in the following form signed by their parents or guardians:—

"I, ——— father / guardian of ——— a candidate for admission to the Royal Military College, Sandhurst, am able and willing to pay the prescribed fees and meet the incidental expenses.

It is my intention to make the Army my son's / ward's permanent profession in life.

*Signature of parent or guardian.*

Free passage and travelling allowances.

7. Subject to the restrictions specified below, free passage will be admissible on the following occasions:—

(i) to selected candidates attending the medical and qualifying examinations in India from their homes and back;

(ii) when nominated to join the Royal Military College, Sandhurst, from their residence to Great Britain.

The amount admissible on account of railway, river and sea journeys within Indian limits will be restricted to one first-class fare for each candidate. The amount admissible for road journeys will be restricted to the mileage rate of first-class civil officers when travelling on duty.

Applications for railway fares should be made to the Private Secretary to His Excellency the Governor of Madras. Passages by sea from India to the United Kingdom will be arranged by the Embarkation Commandant, Bombay, under orders from Army Headquarters.

No travelling allowance is admissible to candidates in connexion with their journeys to Madras or Ootacamund, as the case may be, for the purpose of interviewing His Excellency the Governor.

Accommodation at Simla.

8. Unless a Government building is available, candidates will be provided with private accommodation usually in a hotel at Simla. Candidates will be charged for messing, but the cost of the rent of the quarters will be borne by Government. Suitable arrangements will be made for those candidates who are precluded, by caste, from eating the food provided.

Candidates may arrange for quarters in the hotel other than those provided, but they will be liable for any additional cost incurred. Candidates will, on no account, be allowed to live elsewhere.

Parents or guardians must ensure that candidates are provided with sufficient funds to meet the cost of their expenses while in Simla.

In no circumstances will candidates or their parents, guardians, relatives, or friends, be permitted to interview any officer of the Army Headquarters Staff, other than the officer detailed for the purpose, or any other person connected with the examination or selection of candidates. An attempt to do so is liable to entail the disqualification of the candidate.

Ways in England.

9. Selected candidates will be sent to England in charge of a British officer, who will be appointed by Army Headquarters, and who will meet the candidates at Bombay. Each candidate will hand over to this officer at Bombay the sum of Rs. 300 to cover the cost of expenses incurred during the voyage to England.

Return passage.

Indian Cadets who pass out of the Royal Military College, Sandhurst, in July annually, will, if they so desire, be granted return passages to India at Government expense, by private steamer. Any cadet however who, to suit his own convenience, does not take advantage of this concession by the 1st September of the year in which he passes out will be detained in Great Britain for passage by transport in India.

Fees.

10. The fees for cadets at the Royal Military College, Sandhurst, are shown below.

(a) *For a King's Indian Cadet*—as may be arranged by the Secretary of State for India in Council.

(b) (i) *For sons of serving officers irrespective of rank, or of officers who died whilst serving, or of officers who retired with not less than ten years' service, or of officers who retired on account of age, ill health, etc.*

Fees for three terms—£180 or £135 or £90 or £45—to be determined in each case at the discretion of the Army Council.

(ii) *For sons of private gentlemen, officers or soldiers not otherwise provided for.*

Fees for three terms—£300 or £225 or £150 or £75—to be determined in each case at the discretion of the Army Council.

The reduced rates will carry a proportionate reduction in the amounts otherwise chargeable for uniform, books, etc.

The reduced rates of fees laid down for the sons of officers do not apply to stepsons whether wholly or partially dependent on stepfathers. The stepson of an officer can only be admitted at a reduced rate when the services rendered by *his father* qualify for a reduction.

Contingent expenses candidates.

11. In addition to the fees specified in paragraph 10, a sum of £475-4-0 should be provided for the following items of expenditure:—

| | £ | s. | d. |
|---|---|---|---|
| Contingent account .. | 70 | 0 | 0 |
| Pocket money—18 months at £3 per mensem .. | 54 | 0 | 0 |
| 13 weeks' vacation expenses at £5-5-0 per week .. | 94 | 10 | 0 |

| | £ | s. | d. |
|---|---|---|---|
| Extra pocket money during vacation (18 weeks) at £3-3-0 per week .. | 56 | 14 | 0 |
| Sundries during the three terms and outfit on being commissioned .. .. | 200 | 0 | 0 |
| | 475 | 4 | 0 |

12. The sum for sundries includes additional expenses during the vacation, such as travelling and entertainments. The expenses of cadets will, as far as possible, be kept within the above limits, but the parents or guardians of cadets must be prepared to pay any excess over these amounts.

13. The above estimate does not provide for European kit on arrival in England other than the amount required for College uniform; for the purchase of European kit an additional sum of from £100 to £200 should be provided.

14. An allowance of 4s. a day, in aid of the expenses of messing, washing, and other contingencies, will be admitted as a charge against the public for each cadet so long as he is in residence at the Royal Military College. All other necessary expenses which cannot be covered by this allowance shall be chargeable to the parent or guardian of a cadet.

15. If a cadet is absent a whole term in consequence of rustication, a payment of £10 shall be required in lieu of the half-year's contribution for the privilege of his name being kept on the rolls of the establishment, and for a vacancy being kept open at the commencement of the next term.

16. If a cadet is rusticated or removed during a term, his daily allowance shall cease from the date of such rustication or removal, and the contribution made for the half-year shall be forfeited, unless otherwise specially decided by the Army Council.

17. (a) If a cadet is absent from sickness during a portion of the term, his allowance shall continue to be issued and credited to his account. In exceptional cases a refund of the contribution for the period of absence may be authorized by the Commandant, and in such cases the cadet's allowance shall cease for the period of the refund.

(b) If a cadet is admitted for treatment to a dieted military hospital, stoppages will be charged for the period of his detention in hospital at the following rates:—

(i) 2s. 6d. a day during the period that the daily allowance specified in paragraph 14 continues to be credited to his account.

(ii) 12s. a day if and when the daily allowance ceases to be credited to his account by reason of the contribution, or portion thereof, due under paragraph 10, for the period of his absence not having been paid or having been refunded in accordance with paragraph 14.

18. Parents or guardians of candidates are required to pay two-thirds of the estimated expenditure before the beginning of the first term of the Sandhurst course and the remainder one-third before the commencement of the third term.

As it is impossible for Indian cadets to return to India during the vacations, arrangements will have to be made for their accommodation in England during these periods, either by their parents or guardians or by the India Office on behalf of the latter.

19. The normal length of the course of instruction will be about eighteen months divided into three terms. The College terms will be:—

Spring term.—From about beginning of February to about middle of July.

Autumn term.—From about beginning of September to about middle of December.

The intermediate periods will constitute the vacations.

20. The subjects which form the course of studies, which are liable to alteration from time to time, are given in the following table:—

| *Subject.* |
|---|
| Tactics, Artillery, Field Engineering, Hygiene. |
| Map reading and Field sketching. |
| Organization and Administration. |
| Military Law. |
| History and English (including Military History). |
| Geography. |
| Alternative Subject (Science, French or Advanced History). |
| Drill. |
| Equitation. |
| Weapon Training. |
| Physical Training. |

21. The aggregate marks will determine the cadet's place in order of merit when passing out for appointment to a commission.

22. To qualify for promotion to a higher term, a cadet will be required to obtain not less than 6 * of the aggregate marks allotted to the term.

To qualify for appointment to a commission from the third term, a cadet will be required to obtain not less than 6 * of the aggregate marks allotted to the term.

To count marks in any subject, a cadet must obtain not less than 4 of the total marks allotted to that subject for the term.

23. At all examinations a deduction of marks, up to 5 per cent of the maximum, will be made for handwriting which is difficult to read. A similar deduction, up to the same limit, will be made for bad English spelling.

These deductions will not reduce below the qualifying minimum the aggregate marks obtained by the cadet.

24. A cadet who fails to obtain the qualifying minimum of marks for any term will lose that term, and will forfeit all claim to compete for appointment to the Indian Army. He will be warned that if he fails at a subsequent examination he will be removed from the College.

25. In order to ensure due diligence during the whole period of residence, there will be an examination at the end of each term conducted either by the instructional staff of the Cadet College or by independent examiners.

26. When a cadet passes out of the Cadet College, the Commandant will certify that all debts have been paid. In those cases where this certificate cannot be given, the granting of a commission will be liable to be withheld unless such debts are discharged.

27. All cadets are expected to pass the Regulation Army Test in swimming; those who cannot swim on joining the Cadet College must attend instruction in swimming. Any one who ultimately fails to pass the test will, at the discretion of the Commandant, lose not more than 200 marks he has gained in physical training.

28. The case of a cadet who misses an examination or part of an examination, owing to sickness or through no fault of his own, will be specially considered by the Commandant, who will report the action taken to the Under Secretary of State, the War Office. In no case should more than 70 per cent of the marks allotted to the examination missed be allowed.

* This figure has been temporarily reduced to 5.

29. Cases of protracted absence on account of ill-health will be referred to the War Office for decision.

At each final examination there will be awarded—

(a) The King's Medal and a sword to the cadet who passes out first on the list.

(b) The Norman Medal to the senior cadet appointed to the unattached list for the Indian Army.

(c) A sword of honour as a special reward to the most deserving cadet of the term.

(d) A prize for proficiency in each subject.

30. At the end of each autumn term, the Anson Memorial Sword will be given in lieu of an ordinary sword to the cadet who passes out first on the list.

31. A cadet who drops a term from causes other than sickness, unavoidable on his part, will forfeit all claim to prizes, to the King's Medal, the Norman Medal, and to the Anson Memorial Sword.

CADET SCHOLARSHIPS.

32 Twenty-three cadet scholarships for the Royal Military College, in value, £30 each, will be open for competition half yearly to cadets who have completed their first year of instruction at the Cadet College and who are sons of officers who gained their commission through an Officer Cadet Unit during the Great War.

33. Cadet scholarships will be awarded to those cadets who are eligible under paragraph 32 and who are highest in order of merit according to the marks allotted under paragraph 37.

34 In the event of the number of candidates eligible under paragraph 32 falling short of the number of cadetships available, the remaining cadetships will be open for competition to cadets who are the sons of serving or retired officers of the Royal Navy, the Regular Forces and the Royal Air Force.*

35. A cadet who has been rusticated or who has dropped a term for other reasons than sickness (*see* paragraphs 54, 55 and 24) will not be eligible for a Cadet Scholarship.

36. The following marks will count towards Cadet Scholarships:—

(a) All marks gained by cadets in their first year which count towards the aggregate (*see* paragraph 20).

(b) Marks for each cadet who represents the Cadet College at sports at the rate of 100 marks for each "blue," and 50 marks for each "half blue."†

(c) Marks for promotion gained during first year at the rate of 200 marks for corporal and 100 marks for lance corporal.

37. While no enquiry will be made into the means of the parents or guardians of cadets, Cadet Scholarships are essentially designed to give assistance to those who stand in need of the emoluments attached to them. Parents or guardians of cadets will therefore be invited to resign the emoluments of a Cadet Scholarship should they be in a position to do so, retaining the titular distinction for their sons or wards. The emoluments so resigned will be offered to the next cadet on the list who is eligible. A list of cadets to whom Cadet Scholarships have been awarded will be published each half-year.

* To include officers who, while holding commissions, temporary or otherwise, in the Royal Navy, Royal Marines, Special Reserve, Indian Army Reserve of officers, Militia, Territorial Force, New Armies, Forces of the Overseas Dominions and Royal Air Force, served overseas with an Expeditionary Force between 4th August 1914 and 11th November 1918.

† The decision as to what constitutes a "blue" and a "half blue" will rest with the Commandant.

38 Should a cadet who has gained a Cadet Scholarship be subsequently expelled or removed, or dropped into a lower term than that in which he originally started on joining the Cadet College for other reasons than sickness (*see* paragraphs 54, 55 and 24), he will be called upon to surrender the emoluments gained as a cadet scholar.

A cadet scholar who forfeits his cadetship will be liable to refund such portion as may be determined by the Army Council of the financial benefits that he has received as a cadet scholar.

39. King's Indian Cadets and Honorary King's Indian Cadets will be permitted to compete for Cadet Scholarships, provided they are eligible.

SCHOLARSHIPS FOR OFFICERS APPOINTED TO COMMISSIONS IN THE REGULAR ARMY FROM THE ROYAL MILITARY COLLEGE.

40. Scholarships of the annual value of £50, tenable for five years, are granted to officers appointed to commissions in the Regular Army from Royal Military College, Sandhurst.

41. Six scholarships will be allotted half-yearly, commencing with the Regular Army candidates gazetted in February 1926, which will make cadets joining the Royal Military College in August 1924 eligible to compete.

42. The following will be recipients* of these scholarships:—

(i) The cadet awarded the Sword of Honour.

(ii) The cadet passing out with the highest aggregate of marks.

(iii) The cadet, admitted to the College under Army Order 412 of 1923, obtaining the highest aggregate of marks.

(iv) The cadet passing out with the second highest aggregate of marks.

(v & vi) The two cadets recommended by the Commandant as the next most deserving on the grounds of all-round efficiency.

43 Payment will be made by the Army Agents of Paymaster issuing the officer's pay, in ten instalments of £25 each issued half-yearly in advance. The first payment will be made on the notification of the officer's appointment in the *London Gazette*. The amounts issued will be charged against Head 1 and Vote 1a as in the case of the pay of the officers. If an officer is transferred to Indian pay roll, a note will be made on the last-pay certificate showing the period covered by the last payment.

44. The Controller of Military Accounts in India will continue the payment of the scholarship with reference to the information given on the Home last-pay certificate, *vide* paragraph 8 of the Army Order and debit it to the minor head to which the pay of the officer is debited. In the event of the officer being transferred from the payment of a Controller, a note showing the period covered by the last payment will be made on the last pay certificate.

45. No refund will be required in respect of any payment already made in the event of an officer becoming non-effective or otherwise ceasing to be entitled to the grant.

46. The winners of scholarships who can afford to do so will be given the opportunity of resigning the emoluments attaching to the scholarship in favour of those less fortunately circumstanced. In such a case, the winner would still retain the titular distinction.

47. An officer holding a scholarship will be liable, at the discretion of the Army Council, to forfeit it for misconduct.

* In the event of one cadet qualifying under more than one head, the Commandant will be required to make a recommendation. No cadet can hold more than one scholarship.

3. The candidate's height will be measured as follows:—He will be placed against the standard with his feet together, and the weight thrown on the heels and not on the toes or outer sides of the feet. He will stand erect without rigidity, and with the heels, calves, buttocks and shoulders touching the standard; the chin will be depressed to bring the vertex of the head under the horizontal bar, and the height will be recorded in inches and parts of an inch in quarters.

4. The candidate's chest will be measured as follows:—He will be made to stand erect with his feet together, and to raise his arms over his head. The tape will be so adjusted round the chest that its upper edge touches the inferior angles of the shoulder-blades behind, and its lower edge the upper part of the nipples in front. The arms will then be lowered to hang loosely by the side and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to take a deep inspiration several times, and the maximum expansion of the chest will be carefully noted.

The minimum and maximum will then be recorded thus in inches. $\frac{35}{36}$, $\frac{36}{36\frac{1}{2}}$, etc.

In recording the measurements, fractions of less than half an inch should not be noted.

5. The candidate will also be weighed and his weight recorded in pounds. Fractions of a pound should not be noted.

6. The examination for determining the acuteness of vision includes two tests—one for distant, the other for near vision. The Army Test Types will be used for the test for distant vision, without glasses, at a distance of 20 feet, and for the test for near vision, without glasses, at any distance selected by the candidate. The standards of the minimum acuteness of vision with which a candidate will be considered fit are as follows:—

STANDARD I.

| Right eye. | Left eye. |
|---|---|
| Distant vision—V = 6/6. | V = 6/6. |
| Near vision.—Reads 0, 6. | Reads 0, 6. |

STANDARD II

| Better eye. | Worse eye. |
|---|---|
| Distant vision.—V = 6/6. | V, without glasses = not below 6/60; and after correction with glasses = not below 6/24. |
| Near vision.—Reads 0, 6. | Reads 1. |

STANDARD III.

| Better eye. | Worse eye. |
|---|---|
| Distant vision.—V, without glasses = not below 6/60, and after correction with glasses = not below 6/6. | V, without glasses = not below 6/60, and after correction with glasses = not below 6/12. |
| Near vision—Reads 0, 6. | Reads 1. |

Each eye must have a full field of vision as tested by hand movements.

Squint or any morbid condition of the eyes or of the lids of either eye liable to the risk of aggravation or recurrence will cause the rejection of the candidate.

Each eye will be examined separately, and the lids must be kept wide open during the test.

Inability to distinguish the principal colours will not be regarded as a cause for rejection, but the fact will be noted in the proceedings and the candidate will be informed.

The degree of acuteness of vision of all candidates for commissions will be entered in the proceedings in the following manner:—

V.R. = .... ; with glasses = .... ; Reads....
V.L. = .... ; with glasses = .... ; Reads....

No relaxation of the standard of vision will be allowed.

(a) That his hearing is good and there is no sign of ear disease;

(b) That his speech is without impediment.

(c) That his teeth are in good order. He must have ten sound teeth in the upper jaw *functionally opposed* to ten sound teeth in the lower jaw. Two of these teeth in each jaw must be molars. Well-filled teeth will be considered as sound;

(d) That his chest is well formed and that his lungs and heart are sound.

(g) That his limbs are well formed and developed.

(h) That there is free and perfect motion of all the joints.

(i) That his feet and toes are well formed.

(k) That he does not suffer from any inveterate skin disease

(l) That he has no congenital malformation or defect.

(m) That he does not bear traces of previous acute or chronic disease pointing to an impaired constitution.

* Severe varicocele is defined as follows:—

(1) Where the mass of veins is so great that it hangs down in front of the testicle when the candidate stands up.

(2) If the cord is elongated to such an extent that the testicle hangs at a level obviously lower than normal, of course, allowing for the fact that the left testicle is usually at a lower level than the right.

(3) If there is atrophy to such an extent that the affected testicle is estimated at less than half of the bulk of the gland on the sound side.

(4) Undescended testicle should only be considered a disqualification when situated within the inguinal canal or at the external ring.

ENCLOSURES

(1)

Letter from the Secretary to the High Commissioner for India, London, to the Secretary to the Government of India, Finance Department, Simla, dated the 2nd June 1927, No. H.C. 70-11-20.

[Passage (Subordinate) Rules.]

I am directed by the High Commissioner for India to refer to the Passage (Subordinate) Rules, made by the Secretary of State for India in Council, under section 96-B (2) of the Government of India Act, amended up to the 4th January 1927 (copy enclosed), and to ask that information may be furnished as to the maximum period to be considered admissible in respect of the 'time fixed by Government' for the purposes of rule 6, or whether it is proposed that each case under this rule should be dealt with on its merits.

2. I am also to invite attention to the case of subordinate personnel who are recruited on contract for a definite period of less than three years and are ineligible for the benefits of the Passage (Subordinate) Rules under the provisions of rule 1 (2), unless such rules have been specifically declared applicable to the particular appointment to be filled. I am to say that in the absence of instructions to the latter effect it is proposed to provide in any agreements that may be executed

with such personnel for the grant of passages at Government expense on the following basis :—

A. Free second-class passage to India—

(1) for the employee himself on first appointment ;

(2) for the family of an employee in respect of their first voyage to India, whether they normally accompany the employee or join him later ;

(3) for the intended wife of an employee when proceeding to India to marry him.

B. Free second-class passage to the United Kingdom for the employee and his family (if any), or at the employee's option passage to any port in Europe or in a British Colony, Dominion or Possession at a cost not exceeding that of such passage to the United Kingdom, on expiration of the period of the agreement, or on termination of the agreement by Government for any reason other than misconduct or failure to comply with the provisions of the agreement, provided that the employee's service is regarded as satisfactory and provided further that he actually quits the service in India and leaves India within such time as the Government may direct.

C. Female employees shall not be entitled to the benefits admissible to the families of male employees.

D. The definitions under rule 2 of the Passage (Subordinate) Rules shall apply.

3. I am to ask that the orders of the Government of India upon the foregoing may be communicated to this office in due course.

(2)

Letter from W. R. TENNANT, Esq., I.C.S., Additional Deputy Secretary to the Government of India, Finance Department, to the Secretary to the High Commissioner for India, General Department, London, dated New Delhi, the 8th December 1927, No. F. 8-XXIV-R.I./27.

[Passage (Subordinate) Rules.]

With reference to your letter No. H.C. 70-11-20, dated the 2nd June 1927, on the above subject, I am directed to say that the Government of India do not propose to fix any time-limit for the purposes of rule 5 of the Passage (Subordinate) Rules, 1925, and have decided that each case under that rule should be dealt with on its merits.

2. The Government of India agree to the grant of the passage concessions, proposed in paragraph 2 of your letter, to subordinate personnel recruited on contract for a definite period of less than three years. They have considered in this connexion the question whether a minimum limit of engagement in India should not be fixed, below which passage concessions will not be granted to the families of such employees, for example, should any concession for bringing an officer's family to India be allowed if the period of contract is for, say six or nine months. They are of opinion that this is a matter difficult to regulate by rule and they have, therefore, decided to vest in the High Commissioner for India the discretion to allow or not to allow passage concessions to the families of the employees, according to the circumstances of each case.

*Deputy Secretary to Government.*

### NOTICE OF CONDITIONS OF ISSUE OF FIXED FEE FOREIGN LIQUOR LICENCES.

No. 3.—The following notification is issued in supersession of Notification No. 2, dated 22nd January 1927, published in the *Fort St. George Gazette*, Part II, dated 1st February 1927.

In exercise of the power conferred on him under section 4 (*p*) of the Madras Abkari Act, 1886, the Commissioner of Excise hereby prescribes, under section 24 of the Act, the following rules for regulating the issue of licenses on fixed fees for the compounding, blending, bottling and sale of potable foreign liquors, locally-made foreign liquors and coconut toddy arrack from and after the 1st April 1928 within the limits of the Madras Presidency:—

1. The term 'foreign liquor' in these rules includes all wines, spirits and beer imported into the Presidency by sea or land; plain rectified spirits imported or locally-made and on which the tariff rate of duty has been paid; and beer brewed in India or beer imported in a condensed form and afterwards converted into potable beer and duly excised, but excludes locally-made foreign liquor, denatured spirits, coconut toddy arrack and ordinary arrack. In the case of licences to chemists, druggists and other approved firms or persons, however, for the sale of pure rectified spirits only, the term 'foreign liquor' means pure rectified spirits imported from foreign countries by sea or manufactured in this country and excised at the tariff rate of duty.

'Locally-made foreign liquor' is spirit manufactured or compounded in British India and made in colour and flavour to resemble gin, brandy, whisky or rum imported from foreign countries. It is excised at Rs. 17-8-0 per proof gallon, its sale is permitted in all foreign liquor shops except those licensed for the exclusive sale of beer, medicated wines and rectified spirits.

'Coconut toddy arrack' is spirit manufactured from toddy at the Chowghat distillery in Malabar and excised at Rs. 17-8-0 per proof gallon; its sale is permitted in all foreign liquor shops except those licensed for the exclusive sale of beer, medicated wines and rectified spirits. The maximum limit of private possession is two imperial gallons.

NOTE.—(1) The minimum strength at which imported and locally-made foreign spirits can be sold are 35° U P. for gin, 20° U P. for Colombo arrack and coconut toddy arrack and 24° U P. for all other kinds of spirits including Indian arrack, except denatured spirits.

(2) Holders of Foreign Liquor licences should not dispose of any liquor imported by them and cleared from the Custom House on payment of provisional duty before acquainting themselves with the true strength of the liquor and satisfying themselves that it is not below the minimum saleable strength. If on test at the Commissioner's Laboratory it is found that any such liquor is below the minimum saleable strength and has been sold, the same rules will be rigidly enforced against such licensees.

(3) Holders of foreign liquor licences should send samples of liquors of foreign origin, imported by them by land from other provinces, for test in the Commissioner's laboratory and should not sell them until the result of the test is made known.

(4) 'Rectified spirits' includes 'absolute alcohol'.

'Indian' beer is beer brewed in India (a) which contains at least two bushels of malt and two pounds of hops per hogshead and in the manufacture of which jaggery or crude cane sugar is employed, (b) which is brewed at a higher original gravity than 1,055° on a standard saccharometer and (c) the maximum price of which at the brewery is Rs. 40-0-0 * per hogshead *plus* the excise duty in force at the time of issue.

*The supply of Indian beer from Kingaiem Brewery will be restricted to shops which have obtained beer from that brewery during 1926-27.

2. Licences for the sale of foreign liquors, locally-made foreign liquors and coconut toddy arrack shall be of the following descriptions:—

I. *F.L.-1. Wholesale licences for the sale of foreign liquor, locally-made foreign liquor and coconut toddy arrack, not to be drunk on the premises.*—These will be issued on an annual fee of Rs. 1,000 in Madras and Rs. 250 in other districts, at the discretion of Collectors. Under these licences the sale of liquor in quantities less than two imperial gallons or a dozen reputed quart bottles or two dozen reputed pint bottles of each kind at a time is prohibited. The holders of this licence will have the privilege of issuing to licensed dealers only samples of liquor in quantities not exceeding one pint. In Madras town, holders of this licence will not be allowed to sell 'Indian' beer. Holders of this licence are prohibited from selling coconut toddy arrack in bulk to private persons in Malabar district and are permitted to sell it to such persons only in bottles, sealed and labelled in accordance with the bottling rules (a).

II. *F.L.-2 and F.L.-4, Retail licences for the sale of foreign liquor, locally-made foreign liquor and coconut toddy arrack, not to be drunk on the premises* (a).—These

will be of two kinds—one (F.L.-2) for the sale of all kinds of foreign liquor, except 'Indian' beer and of locally-made foreign liquor and coconut toddy arrack and the other (F.L.-4) for the sale of beer brewed in India.

(a) *The former will be issued at the discretion of the Commissioner and Collectors on payment of an annual fee of Rs. 750 or Rs. 1,000 in the Nilgiris except Gudalur, Rs. 500 in the town of Madras, and in Gudalur Rs. 250 in towns having a population of 25,000 and over and in Kodaikanal, Yercaud and Cochin, in Shiyali, Tiruttanipundi, Tiruvadanai, Tenkasi and Ambasamudram taluks and Rs. 150 in the rest of the Presidency*. Under these licences the sale of liquor in a quantity less than one reputed pint and greater than two imperial gallons in one transaction will be prohibited.

(b) Retail licences (F.L.-4) for the sale of beer brewed in India will be issued to successful bidders for beer shops on payment of an annual fee of Rs. 50.

III. *F.L.-7, Hotel licences for the supply of residents in hotels and boarding houses.*—These will be of two classes and subject to payment of an annual fee of Rs. 500 or Rs. 250 in Madras, of Rs. 100 or Rs. 50 on the Nilgiris, and of Rs. 50 or Rs. 25 in the rest of the Presidency, as may in each case be determined by the Collector. No liquor may be sold under these licences otherwise than to residents in hotels and boarding-houses for their own use and that of their guests, or to casual visitors requiring liquor with the meal or meals supplied to them.

F.L.-8. In Madras a holder of a hotel licence desirous of setting up and maintaining in his hotel a bar or bars may, on payment of a monthly fee of Rs. 100 for a first-class bar or Rs. 50 for a second-class bar, be granted a separate licence to be called a bar licence. This will cover the sale of foreign liquor, locally-made foreign liquor and coconut toddy arrack under the same conditions and to the same extent as the tavern licence.

In Madras, special bar licences will also be issued to others than holders of hotel licences with the previous sanction of the Commissioner. The fees in such cases will be fixed by the Commissioner and the licences will entitle the holders to sell to all comers.

IV. *F.L.-9* and *F.L.-10, Refreshment-room licences* will be of two classes—

(a) *F.L.-9. For refreshment-rooms maintained by, or under the supervision and control of, railway companies and proprietors or managers of lines of dak carriages for the supply on the premises of travellers by such railways or dak lines.*—The annual fee payable for each licence will be fixed by the Commissioner from time to time. Under these licences liquor may be sold to *bona fide* travellers, or to other persons served with regular meals in the rooms for consumption on the premises to any extent, provided that no more than one reputed quart of spirits or two reputed quarts of any other kind of liquor sold at the refreshment-room may be sold at one time to any such traveller for removal from the premises.

(b) *F.L.-10. For refreshment rooms in which the sale of liquor is ordinarily combined with the supply of meals or of eatables prepared and served in the European manner.*—The annual fee will be Rs. 500 in Madras and Rs. 75 in the rest of the Presidency. It will at all times be optional with the Collector to withdraw licences of this description if it should appear that the sale of liquor to persons who have not partaken of meals in the refreshment-room is permitted to such an extent or so habitually that the refreshment-room may fairly be classed as a tavern. Sale of liquor for removal from the premises will not be allowed under these licences. The premises to be used for the sale of liquor under these licences must be at least of the monthly rentable value of Rs. 50 in Madras and in Cuddalore and Coonoor Municipalities and of Rs. 25 in the rest of the Presidency.

V. *F.L.-11, Occasional licences*, such as licences for the sale at refreshment stalls in connexion with race meetings and public entertainments. These will be granted by Collectors at their discretion for periods not exceeding ten days at one time and at such fees not exceeding Rs. 100 on each occasion as they may determine. No removal of liquor from the premises will be allowed under these licences.

VI. *Special licences* will also be granted by Collectors in consultation with the officers of the Excise Department when the circumstances are such as not to allow of the issue of licences of any of the above descriptions on such terms and conditions and for such periods as they may on each occasion determine.

VII. *F.L.-12. Auctioneer's licences.*—Annual fee, Rs. 3. The following are important provisions of this licence :—

(a) Liberty to give sample bottles in respect of all consignments, whether trade consignments or the property of private persons, in order that intending purchasers may have the opportunity of testing high class wines and spirits at their own houses before the auction sale.

(b) Authority to sell wines, spirits and beer in less quantities than whole dozens of each description in the case of sales by auction of the property of private parties or estates or of trade consignments which are unlinged or otherwise unmarchantable.

(c) Authority to sell by auction at place other than that specified in the licences, viz., at any private residence at which the licensee may hold an auction.

VIII. *F.L.-13. Licences for the sale of pure rectified spirits.*—These will be issued to chemists and druggists and other firms or persons specially approved by Collectors, on payment of an annual fee of Rs. 10. Under these licences the possession of pure rectified spirits in excess of ten imperial gallons (or such larger quantity as the Collector may, in consultation with the officers of the Excise Department, specially authorize) is prohibited. Pure rectified spirits must not be sold

* NOTE.—In places where there are beer shops, holders of retail licences for the sale of all kinds of foreign liquor except Indian beer will be permitted to sell beer brewed in India on English principles only in bottles as bottled at the brewery at which it was brewed.

(a) Holders of F.L.-1 and F.L.-2 licences may fetch and sell rectified spirit provided (1) that separate accounts are kept for transactions under this head, (2) that race places containing rectified spirit are labelled with labels showing the kind or description of spirit contained therein and the place of manufacture, (3) that consignments of rectified spirit imported from other provinces are not opened before they are verified by an Excise Officer, (4) that accounts are maintained in the prescribed form and show in the case of consignments of rectified spirit obtained from other provinces in India, the source of supply route (and name of steamer, if obtained by sea) and such other particulars as may be prescribed. Statistics showing separately the consumption of imported and locally-made rectified spirit should be furnished.

under these licenses for other than *bona fide* medical, industrial and scientific purposes, and the maximum limit of sale at one time to the same person is restricted to one rupated pint in the case of sale to a private individual, two rupated quarts in the case of sale to a chemist, medical practitioner or scientific body and three imperial gallons to any Government, Local Fund or Municipal hospital. Receptacles containing rectified spirits should be labelled with labels showing the kind or description of spirit contained therein and the place of manufacture; consignments of rectified spirit imported from other provinces should not be opened before they are verified by an Excise Officer. Accounts should be maintained in the prescribed form and must show in the case of consignments of rectified spirits obtained from other provinces in India, the source of supply, route (and name of steamer, if obtained by sea) and such other particulars as may be prescribed. Statistics showing separately the consumption of imported and locally-made rectified spirits should be furnished to Collectors.

IX. *F.L.-17. Licenses for the sale of medicated wines and similar preparations* containing 20 per cent and upwards but not more than 42 per cent of proof spirit will be issued by Collectors on payment of an annual fee of Rs. 10.

3. *F.L.-1. (a) Licenses for compounding* or *and blending foreign liquors and locally-made foreign liquors* will be granted to holders of wholesale licenses by Collectors and licenses for *compounding* to licensed distillers by the Assistant Commissioner for Distilleries on payment of an annual fee of Rs. 250.

4. *F.L.-1. (b) Licenses for the bottling of foreign liquors, except beer brewed locally and or locally-made foreign liquors and coconut toddy arrack*, will be granted to holders of wholesale licences by Collectors and to licensed distillers by the Assistant Commissioner for Distilleries on payment of an annual fee of Rs. 50.

5. Any two or more of the above kinds of licences may be granted to the same person for the sale of liquor in the same premises.

6. No premises shall be used for the sale of liquor unless and until approved by the Collector.

7. All licensees shall maintain and furnish to Collectors statistics showing separately the consumption of imported foreign liquors and locally-made spirits and beers and coconut toddy arrack.

8. All licences (other than occasional and special licences) will have effect for the official year, i.e., from the 1st April in each year until the 31st March of the following year.

9. The full fee on all fixed fee foreign liquor licences shall be paid in advance at the time of issue of the licence.

10. For the convenience of the trade, Collectors will, as far as possible, receive and dispose of applications for licences under clause IV (3) to have effect during the following official year before the tavern sales for that year. Licences for the sale of liquor in mufassal refreshment-rooms should be very sparingly given.

### AUCTION FOR THE SUPPLY OF RATIONS AND MISCELLANEOUS ARTICLES TO THE CENTRAL JAIL, BELLARY.

Notice is hereby given that the Superintendent will hold an auction at the Alipuram Central Jail, Bellary Cantonment, at 1 p.m. on Saturday, the 25th February 1928, for the supply of the following articles of rations and miscellaneous articles during the official year 1928-29. Intending bidders are requested to be punctual. In the case of suppliers who may be unable to attend the auction, sealed tenders will be accepted, provided they reach the Superintendent on or before the day and hour mentioned above, and are accompanied by the earnest money specified in the schedule. Tenders, which will only be received on printed forms to be had free of cost on application, should be superscribed "Tender for the supply of rations and miscellaneous articles to the Central Jail, Bellary." They will be opened at the time of auction and the offered rates considered along with the bids. The rates should be quoted in pounds and ounces per rupee for delivery at the Central Jail, Bellary, the quantities being specified in words as well as in figures. Samples of the articles required can be seen at the auction. Suppliers may bid or tender for all or any one of the articles mentioned in the schedule on depositing the requisite earnest money. All supplies must be up to the samples accepted by them or approved by the Superintendent.

2. Successful bidders or tenderers will be required to enter into stamped agreements with the jail within seven days from the date of receipt of intimation by them that their rates have been accepted. In addition, they should, before signing such agreements, deposit a security of 10 per cent of the total value of the supplies undertaken. (With the approval of the Inspector-General of Prisons the total amount may be reduced in the case of approved contractors.) Failing compliance within the time specified, the earnest money may be confiscated, and in the event of withdrawal they will also be liable to pay any difference between the prices accepted and those ultimately obtained by the jail. The earnest money received from successful bidders or tenderers will be taken towards their security deposits and those from others returned at the close of the auction.

3. The Superintendent reserves the right to accept or reject any bid or tender without assigning any reason.

4. Contracts should not be sublet.

5 Any rates accepted and contracts entered into will be subject to confirmation by the Inspector-General of Prisons, Ootacamund, whose decision shall also be final in all questions of infringement.

6. As the quantities given against each article in the schedule are only approximate, contractors will be under an obligation to supply the entire requirements during the period of the contract, plus so much as may be needed to last for a whole month thereafter, provided, in respect of the extra quantities, that written orders are given within a fortnight of the termination of the agreement. At the same time, the Superintendent does not bind himself to receive the quantities or numbers noted in the schedule if they are not required.

7. No article is to be supplied to the jail except on a requisition signed by the Superintendent, or some responsible person authorized by him in writing to do so "by order".

8. No advance of cash will on any account be made to the contractors when giving orders nor will the jail pay freight or other charges on consignments to be afterwards deducted from bills, but payment for articles delivered at the jail on order will be made promptly after they have been inspected and passed. Contractors must submit their bills to receive payment of their bills in whole rupees to which odd annas forming part of the sum due on each bill will be disregarded, unless they constitute a fraction equivalent to half rupee or more, when they will be treated as a whole rupee for the purpose of the account.

9. During the prevalence of plague in the vicinity of the jail or in that of the areas from which supplies are drawn, all grain, etc., will be liable to be first exposed to the sun outside before being taken in. Also if for any other reason the Superintendent considers exposition of articles to sun necessary.

10. Contractors are required (under a penalty not exceeding Rs. 25) to invariably send with each supply a memorandum or advice note duly signed, showing the number or quantity tendered for acceptance. Also to sign and return within a week of payment by cheques, cash order, or remittance transfer receipts, all connected bills forwarded by the Superintendent for the purpose. Questions in connection with any supposed short payment may be referred to the Superintendent separately, but are not to be made an excuse for delay or refusal to sign.

11. In addition to any difference in prices that may be recoverable from contractors on account of purchase rendered necessary elsewhere by failure, neglect, or refusal on their part to supply according to the terms of their agreements, a fine not exceeding Rs. 50 may be levied at the discretion of the Superintendent for each and every such case of default. For repeated infringement of the stipulations of the contract or for other justifiable reasons, he may also annul it, recovering all losses sustainable by the jail in consequence of the annulment, from the security deposited by the contractors or other money due to them, and in the event of any residue by legal measures if so advised.

12. All wastage found to occur in excess of the respective percentages prescribed in the schedule will have to be made good by the contractors.

13. Further information on any point concerning this notification can be had from the jail office.

14 When once the rates offered at an auction or by tender have been accepted, lower quotations from others to the Superintendent or to the Inspector General of Prisons will not be considered.

15. Intending bidders are informed that, as per instructions from the Inspector-General of Prisons, a single auction will be held at the Alipuram Jail on the above date and at the time mentioned for the several supplies required by both the jails during the ensuing official year and that the rates offered will be held to apply equally both in so far as concerns the articles (and quantities) required in common, the samples being the same. As regards the other articles, i.e., thovarai dhall (required by the Alipuram jail), cholam and thovarai dhall gram (by the Bellary Jail), separate offers will be received for each Jail at the auction. The earnest money is payable separately for each jail with reference to the respective quantities estimated to be required. Separate agreement bonds will have to be entered into and separate security deposit amounts paid by the successful bidders in respect of each jail, whether the articles are required in common or not.

The deposit will be returned to the unsuccessful tenderers immediately.

7. The successful tenderer must, within three days from date of receiving intimation that his tender has been accepted, lodge security, namely, 10 per cent on the total value of the articles or the full deposit amount noted against groups, failing which his deposit shall be forfeited to Government.

8. No advance of cash will be made to the contractor.

26. Samples of bread received from each tenderer will be subject to analysis by the Public Analyst, King Institute, Guindy.

27. The bread supplied to the hospital from time to time will be subject to analysis and the contractors will be liable to a penalty for exceeding the percentages laid down above. This penalty will be subject to the maximum of 10 per cent of the security amount deposited by the contractor.

28. All contracts will be subject to confirmation by the Government who will be at liberty, within a period of three months from the date of acceptance of the tenders by the Superintendent, to cancel the contracts either entirely or in respect of the supply of any particular article or any number of articles, supplies made before the date of such cancellation not however being affected.

NOTICE is hereby given that the Superintendent will hold an auction at the Sub-Jail, Calicut, South Malabar, on 13th March 1928 at 3 p.m. for the supply of the following articles of rations during the year 1st April 1928 to 31st March 1929. Intending bidders are requested to be punctual. In the case of suppliers who may be unable to attend the auction, sealed tenders will be accepted, provided they reach the Superintendent on or before the day and hour mentioned above, and are accompanied by the earnest money specified in the schedule. Tenders, which will only be received on printed forms to be had free of cost on application, should be superscribed "Tender for supply of rations and miscellaneous articles to the Superintendent, Subsidiary Jail, Calicut." They will be opened at the time of auction and the offered rates considered along with the bids. The rates should be quoted in pounds and ounces per rupee for delivery at the Subsidiary Jail, Calicut, the quantities being specified in words as well as in figures. Samples of the articles required can be seen at the auction. Suppliers may bid or tender for all or any one of the articles mentioned in the schedule on depositing the requisite earnest money. All supplies must be up to the samples accepted by them or approved by the Superintendent.

2. Successful bidders or tenderers will be required to enter into stamped agreements with the Jail

within seven days from the date of receipt of intimation by them that their rates have been accepted. In addition, they should, before signing such agreements, deposit a security of 10 per cent of the total value of the supplies undertaken. (With the approval of the Inspector General of Prisons the total amount may be reduced in the case of approved contractors). Failing compliance within the time specified, the earnest money may be confiscated, and in the event of withdrawal, they will also be liable to pay any difference between the prices accepted and those ultimately obtained by the Jail. The earnest money received from successful bidders or tenderers will be taken towards their security deposits and those from others returned at the close of the auction.

3. The Superintendent reserves the right to accept or reject any bid or tender without assigning any reason.

4. Contracts should not be sublet.

5. Any rates accepted and contracts entered into will be subject to confirmation by the Inspector-General of Prisons, Ootacamund, whose decision shall also be final in all questions of infringement.

6. As the quantities given against each article in the schedule are only approximate, contractors will be under an obligation to supply the entire requirements during the period of the contract, *plus* as much as may be needed to last for a whole month thereafter, provided in respect of the extra quantities, that written orders are given within a fortnight of the termination of the agreement. At the same time, the Superintendent does not bind himself to receive the quantities or numbers noted in the schedule if they are not required.

7. No article is to be supplied to the Jail, except on a requisition signed by the Superintendent, or some responsible person authorized by him in writing to do so "by order."

Contractors must submit to receive payment of their bills in whole rupees, to which end annas forming part of the sum due on each bill will be disregarded, unless they constitute a fraction, equivalent to half rupee or more, when they will be treated as a whole rupee for the purposes of the account.

9 During the prevalence of plague in the vicinity of the jail or in that the areas from which supplies are drawn, all grain, etc., will be liable to be first exposed to the sun outside before being taken in. Also if for any other reason the Superintendent considers exposition of articles to sun necessary.

10. Contractors are required (under a penalty not exceeding Rs. 25) to invariably send with each supply a memorandum or advice note duly signed, showing the number of quantity tendered for acceptance. Also to sign and return within a week of payment by cheque, each order, or remittance transfer receipts, all connected bills forwarded by the Superintendent, for the purpose. Questions in connexion with any supposed short payment, may be referred to the Superintendent separately, but are not to be made an excuse for delay or refusal to sign.

11. In addition to any difference in prices that may be recoverable from contractors on account of purchase rendered necessary elsewhere by failure, neglect or refusal on their part to supply according to the terms of their agreements, a fine not exceeding Rs. 50 may be levied at the discretion of the Superintendent, for each and every such case of default. For repeated infringement of the stipulation of the contract or for other justifiable reasons he may also annul it, recovering all losses sustainable by the Jail in consequence of the curtailment, from the security deposited by the contractors, or other moneys due to them and in the event of any residue, by legal measures, if so advised.

12. All wastage found to occur in excess of the respective percentage prescribed in the schedule will have to be made good by the contractors.

13. Further information on any point concerning this notification can be had from the Jail office.

11. A fine not exceeding 10 per cent of the deposit money will be levied from the successful contractor of perishable articles for any infringement of the stipulations of the bond, and, if frequently repeated, the contract will be annulled and the security confiscated to Government. The contract should not be sublet without the permission of the Superintendent. The contractor's security will be returned to him on completion of his contract.

12 "*Samples of the different articles must be furnished by each tenderer with his tender.*" The samples will not be returned. Such of the samples that have been accepted will be sealed and lodged in the office of the Superintendent, Government Ophthalmic Hospital.

13. The Superintendent, Government Ophthalmic Hospital, reserves to himself the right to reject any tender or to decline to accept the tender for any one or more of the articles tendered for by the tenderer without assigning any reason for doing so.

14. Tenders containing rates manifestly below the market value of articles will be summarily rejected. No tender for the supply of articles marked "at current market rates" will be accepted.

15. Every correction in the tender must invariably be initialled by the tenderer, failing which the tender will be rejected.

16. The successful contractor will be required to sign a bond and to pay the value of the proper stamp duty on the contract.

17. Government promissory notes lodged as earnest security money or security deposit for a period of twelve months or less shall not be endorsed over to the Superintendent, but shall remain in the name of the depositor. Government will appropriate or cancel the notes as per G.O. No. 2358 of 31st March 1890, authority to that effect being duly entered in the contract or other agreement executed by the depositors.

18. The bread supplied to hospitals should be free from alum and yield an acidity equivalent to not more than 3 c.c. normal acid per 100 grammes of bread. The maximum limit of ash permissible in the case of bread is 0·2 per cent (calculated on the dried solid) insoluble in dilute hydrochloric acid.

19. Samples of bread received from each tenderer will be subject to analysis by the Public Analyst, King Institute, Guindy.

20. The bread supplied to hospitals from time to time will be subject to analysis and the contractors will be liable to a penalty for exceeding the percentages laid down above. This penalty will be subject to the maximum of 10 per cent of the security amount deposited by the contractor.

21. All contracts will be subject to confirmation by the Government, who will be at liberty within a period of three months from the date of acceptance of the tenders by the Superintendent to cancel the contracts whether entirely or in respect of the supply of any particular article or any number of articles without reason being given, supplies made before the date of such cancellation not however being affected. Contracts should provide for the testing of samples from time to time and for the imposition of penalties if articles of inferior quality are supplied.

22. The system of rounding off fractions of a rupee or anna sanctioned in G.O. No. 688, Finance, dated 15th August 1928, will be adopted in all contractors' bills.

23. The tenderer should attach a certificate to his tender or tenders to the following effect:—

## TENDER FOR THE SUPPLY OF CLOTHING.

SEALED tenders for the supply of the articles of clothing and for tailoring charges referred to in the list below during the year 1928–29 will be received by the Superintendent of Stationery up to 12 noon, on Wednesday, the 7th March 1928.

GENERAL CONDITIONS.

1. Tenders must be superscribed "Tenders for Clothing". They must specify the rates at which the tenderer undertakes to supply or to stitch per unit. They must be accompanied by a deposit of 5 per cent on the value of their tender. This deposit must be remitted to the Imperial Bank of India, Madras, and the Bank receipt attached to the tender. No cash will be accepted.

2. Tenderers may tender under any one or more parts of the notification but the tender must cover such part or parts completely for any one or more parts. They are also required to take instructions from the Stationery Office as to how the clothing is to be made and to inspect also office samples before they tender.

3 Samples of the cloth and other articles proposed to be supplied must invariably accompany the tender. The samples must be distinctly described and marked with the name of the tenderer on the labels attached to them.

4. The successful tenderer will be required to deposit as security 10 per cent on the value of his tender, together with the proper stamp duty and to sign a contract bond (the form of which can be seen at the Stationery Office) within fifteen days from the date of his being informed of the acceptance of his tender. Should he not do so or should he withdraw his tender after his submission, his deposit of 5 per cent delivered with the tender will be liable to forfeiture and his tender will be cancelled.

5. The number of units and other articles given below are approximate; the actual quantities required will be intimated to the contractor from time to time and must be delivered at the cost and the risk of the contractor at the Stationery Office, Madras, punctually on the dates fixed in the orders issued, failing which the terms of the contract bond will be strictly enforced.

6. The Superintendent of Stationery reserves to himself the right to reject any tender without assigning any reason for so doing.

7. Any further information can be obtained on application at the Stationery Office on any office day between the hours of 11 a.m. and 5 p.m.

8. The clothing must be supplied according to specified measurements or in the case of Public Offices in the Presidency Town including the King Institute, Guindy, according to the measurements to be taken at the Offices by the successful tenderer.

9. The quantities of material issued for making each garment are specified in the list, proportionate allowance being made for garments of lengths which may vary from those specified in the list. Unbleached drill shall be soaked in water before the clothing is made. Half a yard of drill for every forty yards will on this account be allowed in excess of the estimate specified in the list and no extra charges will be allowed for soaking.

10. J. P. Coats reel thread No 40 similar to the colour of the cloth should be used.

11. The required quantity of gunny for cross belts and waist belts will be provided by the contractor himself.

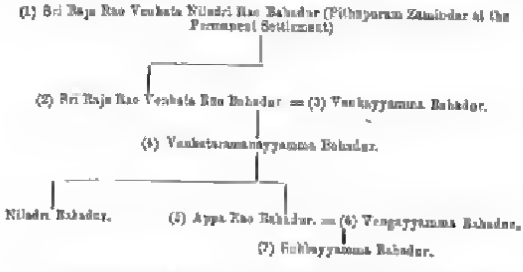
## STATEMENT OF OBJECTS AND REASONS

The Jaggampeta Estate formed part of the Peddapuram Raj whose origin dates back to the 16th century. Peddapuram was the biggest Zamindari in this Province at the time of the Permanent Settlement. Pithapuram Raj whose origin dates back to the 16th century was its neighbour and was only the second in importance in the Godavari district at the time of the Permanent Settlement. Both of them were impartible and were governed by the Law and custom primogeniture.

2. Peddapuram Zamindari fell into arrears soon after the Permanent Settlement, and Rayavaram, Dantamuru, Kirlampudi and Jaggampeta Estates and five other small estates were carved out of it and sold for arrears of peishcush. The rest of Peddapuram Zamindari was purchased by Government in 1847.

3. Sri Raja Rao Venkata Niladri Rao Bahadur, with whom the Permanent Settlement of Pithapuram was effected purchased Rayavaram and Dantamuru Estates in 1818 and Jaggampeta Estate in 1818. The annexed pedigree will help in understanding the succession to the estates



(1) Sri Raja Rao Venkata Nilandri Rao Bahadur (Pithapuram Zamindar at the Permanent Settlement)
(2) Sri Raja Rao Venkata Rao Bahadur
(3) Venkayyamma Bahadur.
(4) Venkataramanayyamma Bahadur.
Niladri Bahadur.
(5) Appa Rao Bahadur.
(6) Vengayyamma Bahadur.
(7) Subbayyamma Bahadur.

The Zamindar of Pithapuram (No. 1 in the pedigree) gave all the three estates in 1826 to his son Sri Raja Rao Venkata Rao Bahadur (No. 2 in the pedigree) who was succeeded by his widow

Venkayyamma Bahadur (No. 3 in the pedigree) and then by his only daughter Venkataramanayyamma Bahadur (No. 4 in the pedigree) and after her by her sons of whom Appa Rao Bahadur (No. 5 in the pedigree) was the undivided survivor. Appa Rao Bahadur was succeeded under his Will by his widow Sri Raja Vengayyamma Bahadur (No. 6 in the pedigree) and then by his only daughter Sri Raja Dameru Subbayyamma Bahadur (No. 7 in the pedigree) the present registered proprietrix of Jaggampeta A and D Estates.

4. The widow of Niladri Rao Bahadur, brother of Appa Rao Bahadur, filed a suit for the partition of the estates. It went up to the Privy Council and was decided against her. But the ruinous litigation which lasted about 10 years, subjected the estates to heavy debts and led to the sale of Rayavaram and Dontamuru Estates to the Maharaja of Bobbili, the father of the present Proprietor of the Impartible Kirlampudi, Dontamuru and Rayavaram Estates. The financial depression also led to the carving of two small estates out of Jaggampeta Estate for marriage presents and the grant of Jaggampeta B Estates consisting of two villages subject to a peishcush of Rs. 1,585 to the husband of the present Proprietrix of Jaggampeta A and D Estates and of Jaggampeta C Estate consisting of one village and one hamlet subject to a peishcush of Rs. 2,209 to her uncle's daughters. The remaining estates, Jaggampeta A and D consisting of 26 villages and measuring about 45 square miles are in the enjoyment of the present Proprietrix, the lineal descendant of the Pithapuram family.

5. Rayavaram and Dontamuru Estates which passed by sale as stated above and the Kirlampudi B and C Estates have recently been declared to be Impartible Estates within the meaning of the Madras Impartible Estates Act, II of 1904, by Madras Act No. VII of 1926.

6. Thus the Jaggampeta A and D Estates formed part of a Raj that was in power for over three centuries, passed into the hands of the holder of the adjoining Raj whose family had been in power for over four centuries and have remained with him and his lineal descendants for over 109 years. Throughout this long period there has been no partition of these estates.

7. The estates yield an annual income of over 1,25,000 Rupees and pay a peishcush of Rs. 26,540 excluding Rs. 2,511 peishcush on Dorimitta Inams separately registered in Fasli 1334.

8. The estates adjoin the Rampa Agency which was the seat of a series of fituris (rebellions) in the 19th and the 20th centuries. The holders of the estates, interested in the maintenance of peace and order within their own estates, have on several occasions assisted the administration with armed forces for the quelling of these fituris in the 19th century. Public interest will also be thus subserved by the estates being kept intact and strengthened by the undivided ownership of a single proprietor.

9. Desirous therefore as much of conserving the efficiency and usefulness of the estates in the preservation of the public peace, as of saving the estates from dismemberment and ruinous litigation for partition, and of keeping up the dignity and status of her family Sri Raja Dameru Subbayyamma Bahadur, the present sole Proprietrix of the estates, desires that the Jaggampeta A and D Estates should be held as Impartible and Inalienable Estates governed by the law of primogeniture.

10. There are no encumbrances of any kind on the estates and none has any vested rights in these estates. There is no legal impediment in the way of a Legislative declaration of their impartibility.

11. The case falls within the principles on which the Madras Impartible Estates Act, II of 1904, was applied to the Daddapanayakanur and Vuyyur estates by the Madras Act II of 1916 and to the Kirlampudi Estates by the Madras Act No VII of 1923. It is, therefore, desirable that the Jaggampeta A and D Estates should be included in the schedule to the Madras Impartible Estates Act II of 1904.
